-- President's Trip to Mexico. The DCI reviewed preparations for the President's trip to Mexico and his meeting with de la Madrid. Clark commented that things seemed to be going along OK and that the NSC on 9 August will focus on the trip.

-- NSDD-84: Nondisclosure Agreement. The DCI said he believed that his concerns about the Nondisclosure Agreement for SCI materials had been worked out satisfactorily. Clark was not clear about the issues of concern. The DDCI explained the DCI's concerns and Clark was satisfied.

-- Soviet CC&D. Clark passed to the DCI a memo from the President based on Anne Armstrong's suggestions on what we should be doing on the topic of Soviet camouflage, concealment and deception. The DCI commented to the effect that we have already increased our focus on these topics and it was not appropriate for PFIAB to micro-manage.
